

11 January 2022

Dear STARX community,

As you are aware we listed our STARX token on 24 December 2021. This was a significant milestone for our company as we continue our journey moving forward to provide world class solutions to revitalize the global Tourism and Hospitality markets.

In conjunction with LATOKEN we have continuously analyzed the performance on STARX since its initial listing. In order to maximize opportunities for investors and to provide a stable pricing platform we will now focus solely on the STARX/USDT pairing.

Therefore, the **STARX/BTC and STARX/ETH** pairings will be removed as of 11 January 2022. We thank our key stakeholders, investors and STARX community for your continued support as we continue our journey ahead.

Sincerely,

Troy Bradbury
