Joining The Force: The Social Integration with StarPOINTS Rewards Program

StarPOINTS x The Social Seminyak

Bali, February 6th, 2025 - StarPOINTS is proud to announce the latest collaboration with The Social Seminyak, the #1 vibrant sports bar & restaurant in Seminyak, Bali. This collaboration aims to seamlessly integrate the StarPOINTS rewards program and offer users to use their reward program to dine, earn, redeem their points, and repeat!

The Social has been standing out as the premier sports bar and restaurant for locals and tourists alike. Providing you with a vibrant atmosphere with top-tier dining and drinking and endless entertainment options makes The Social Seminyak a hotspot of the sports community and a must-visit for any sports enthusiasts. With aesthetically pleasing decor, exceptional service, and a welcoming ambiance, The Social truly goes beyond miles to keep your vibe up during your visits.

A Culinary Experience Like No Other

You can find a diverse and exciting menu designed to cater to every palate. From indulgent breakfasts to gourmet main courses. Taste the most wonderful experience, including hearty burgers, artisanal pizzas, fresh salads, and signature bar snacks, every dish is designed to elevate your visit. The Social Seminyak also provides a wide selection of drinks to suit every occasion. From expertly crafted cocktails and premium spirits to refreshing mocktails and artisanal coffees, there's something for everyone.

Enhancing Customer Engagement with StarPOINTS

The StarPOINTS collaboration is part of The Social strategy to make a seamless and effortless rewards program for users by integrating The Social rewards program into the StarPOINTS blockchain-based ecosystem. This initiative will potentially improve user retention for the restaurant and also add more choices for users to shop and earn in the StarPOINTS ecosystem. This program will also enhance engagement for users as they visit The Social. Users earn rewards or redeem limited vouchers and points they earned previously from other merchants.

What is the StarPOINTS Rewards Program?

StarPOINTS is a blockchain-based rewards system developed by StarWORKS Global. Members get to earn rewards in the form of StarXP for each transaction they make at any merchant within the StarWORKS ecosystem.

This initiative aims to improve customer experience by awarding StarPOINTS to increase the value of customer experiences. This program also aims to improve merchants' rewards system where some of them are less seamless and require.

This rewards program is accessible for everyone through StarWALLET, a blockchain-based lifestyle app to navigate your rewarding journey. Users can shop at their favorite merchants, and earn and redeem StarPOINTS rewards with the app. Backed by blockchain technology, StarWALLET ensures every user's transactions are secure and transparent. StarWALLET is accessible on mobile devices even on browsers which also makes it accessible through desktop! StarWALLET ensures that your rewarding journey will be as most accessible as possible

The Social Seminyak Rewards Program is Live on StarWALLET!

Now, with the integration, users can earn even more rewards through the StarPOINTS rewards program! Existing StarWALLET users can redeem their StarPOINTS as the program launches, while new users will be welcomed to the app with 5 STARXP to redeem items at the venue. Come visit The Social Seminyak and enjoy a rewarding experience like never before!
